

Sharad Vyas

 [sharadvyas132@gmail.com]  [LinkedIn]  [GitHub]

Summary

Highly motivated and results-oriented **AI Engineer and Full Stack Developer** with expertise in building and deploying full-stack applications. Proficient in the **MERN stack**, with a strong command of **machine learning, deep learning (TensorFlow, PyTorch)**, and **LLM frameworks (LangChain)** and expertise in Fine Tuning . Seeking to leverage a unique blend of development and AI skills to create innovative, data-driven solutions.

Skills

- **Programming Languages:** Python, JavaScript, C , C++
- **Full Stack Development:** **MERN Stack** (MongoDB, Express.js, React.js, Node.js), Django , Flask
- **Machine Learning/Deep Learning:** **TensorFlow, PyTorch, scikit-learn**, OpenCV, NLP
- **Frameworks & Libraries:** **LangChain**, Keras, Hugging Face, NumPy, Pandas
- **Databases:** MongoDB, SQL

Projects

- **Green Gaurd** *Skills Used: [e.g., React, tensorflow, Django]*
 - Developed a full-stack application using the React + Django to Make an platform For Montitoring of Enviroment using Satalite Images.
 - Implemented a deep learning model with TensorFlow to Check the Diffrent Region of the World and convert them to Heatmap for the analysis of the amount of Tree in Region.
 - Handle the database management with SQL.
 -  [Code](#)
- **Fact Checker** *Skills Used: [e.g., Python, LangChain, PyTorch]*
 - Built an intelligent chatbot for fact-checking using the **LangChain** framework, leveraging an LLM for conversational AI.
 - Pre-processed data and fine-tuned a model using **PyTorch** to improve performance.
 - Integrated the chatbot into a front-end interface using Next.js.
 -  [Code](#)
- **Image Classifire** *Skills Used: [e.g., Flask,HTML,CSS , Tensorflow]*
 - Developed an Platform for the Image Classification with the help of **TensorFlow**.
 - Trained and Tested the Deep Learning Model using Cifar-10 Dataset .
 - Created visualizations of the model's output using a HTML , CSS and Flask Server
 -  [Code](#)

Education

- **B.tech Computer Science and Engineering with Specialization in Ai and ML** — *Indian Institute of Information Technology , Nagpur*
